The law enforcement training event of *the year*
May 27 – May 29

The 2025 Street Cop Conference

We are excited to be hosting our 4th Training Conference within the law enforcement industry in the spring of 2025! With an expected attendance of over 1,000 sworn law enforcement professionals - this is your opportunity to connect with officers from all over the country. Seminars taught by the country's most highly regarded law enforcement instructors and special industry guests will take place throughout the entire week. One of our top priorities is to ensure we incorporate our vendors into our event as much as possible. We intentionally plan our set-up around bringing attendee traction into our vendor area throughout the event as well as assist with marketing efforts leading up to and during the conference.

As always, we will not disappoint!
